INTERNATIONAL DAY OF DEMOCRACY SEPTEMBER-15th 2020

In 2007 the United Nations General Assembly resolved to observe 15 September as the **International Day of Democracy**—with the purpose of promoting and upholding the principles of democracy—and invited all member states and organizations to commemorate the day in an appropriate manner that contributes to raising public awareness.

while democracies share common features, there is no single model of democracy and that democracy does not belong to any country or region.... democracy is a universal value based on the freely-expressed will of people to determine their own political, economic, social and cultural systems, and their full participation in all aspects of life.

In September 1997 the Inter-Parliamentary Union (IPU) adopted a Universal Declaration on Democracy. That Declaration affirms the principles of democracy, the elements and exercise of democratic government, and the international scope of democracy.
